

HIGH

SERIES

DESIGNED BY WO

A TABLE SERIES CHARACTERISED BY A UNIQUE DESIGN AND QUALITY

WO's stand table is a thought out product that signals quality. We have chosen to focus on unique, durable materials that increase the robustness of the table and make it suitable for institutional use.

In order not to disturb the straight design, the table is made without a supporter. The table is made with hidden steel inserts, which makes it very stable even in really long versions. If you need a bit more of mobility the table is also available with wheels.

HIGH, THICK, STABLE AND WITH A 45 DEGREE ANGLED CONSTRUCTION

The High series is characterised by an unique and stylish design.

Identical materials on all surfaces and edges, gives it a homogeneous and very nice expression.

HIGH

SERIES

DESIGNED BY WO

HIGH, COUNTERTOP & BENCH

The High Series consists of a classic high table, 1.080 mm, and now also a countertop variant in 900 mm.

In addition, the series has been expanded with a bench, height 720 mm. The bench can be used as it is or with a padded cushion in addition.

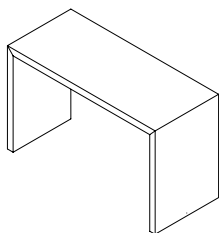

High Series comes assembled as standard in table (height 1.080 and 900 mm) and bench (height 720 mm) in 6 standard dimensions. In addition to the standard dimensions, the series can also be produced in special dimensions upon request.

The High series comes in nero and charcoal linoleum as a standard and can be produced in all the 21 Desktop linoleum colours.

The edges are being produced with WO's patented linoleum edge.
